

To whom it may concern:

I wanted to make 3 quick points in reference to MB Docket No. 04-233. My main concern is the possibility of my favorite radio station, K-LOVE being forced off the air due to an LPFM station taking priority.

1. K-LOVE definitely serves me well as a resident of Boerne, Texas. They play the music I want to hear and give me information on local events that I am interested in.

2. There would be a significant negative impact on my community if K-LOVE is forced off the air.

3. The service provided by K-LOVE is in the public interest. They provide a positive listening environment that is safe for my whole family to listen to unguarded (No seven second delay needed here!). That is very valuable to me.

Please do not expand the LPFM stations in a way that would allow priority over current FM stations like K-LOVE.

Sincerely,

Greg Leininger
